

## **STATEMENT OF PURPOSE**

### **RS18242**

This legislation would repeal the section of the statute that established the ICTL and allow for those functions currently administered by the ICTL to be carried out through existing administrative structures.

### **FISCAL NOTE**

There will be no fiscal impact to the state General Fund as a result of this legislation. Funding currently appropriated through the public education budget for the public school technology grants would continue to go through the public schools appropriation but would be administered by the Department of Education.
